

PT-2730 Electronic Labelling System

P-touch®

Push back the limits of professional labelling.

Professional labels for your office,
up to 24 mm.

- Use as stand-alone labeller, or connect to a PC or Mac via USB for added functionality
- Create big, bold, durable laminated labels in a variety of colours and sizes - up to 24mm wide
- Built-in label collection feature offers pre-designed labels for files, office signage, shipping labels and more
- Download feature allows access to additional Label Collection files
- New text reminder feature recalls frequently used words - making label creation quick and easy
- Print up to 7 lines of text on each label
- Select from 8 fonts, 10 type styles, and 20 frames
- Save and print up to 99 of your favourite labels
- Includes AC adapter, P-touch Editor software, USB cable and starter tape

Create labels on your PC
with included P-touch
Editor software

Built-in label collection
feature: Over 50
pre-designed labels

Select from 8 fonts,
10 type styles and
20 frames

PT-2730 Electronic Labelling System

What can you label?

Professional PC-connectable labelling

The PT-2730 is a professional desktop labeller that produces a wide variety of labels made to last. It prints using 8 built-in fonts. Powerful and adaptable it can be used "stand-alone" or connected to a PC or Mac for almost limitless label making possibilities.

Time saving features

The PT-2730's new label collection feature helps make your labelling easier and more efficient by providing quick access to over 50 pre-designed labels for files, office signage - and more! The PT-2730 also has a convenient, text reminder feature to recall frequently used words. For enhanced user-friendliness, the PT-2730 features a large,

graphical display with vivid backlight. It also includes an AC adapter, P-touch® Editor software for label creation from your computer, a USB cable, and 24mm starter "TZ" tape.

Durable laminated labels

The PT-2730 allows you to choose from a wide range of TZ tapes to match your application - use our tough, standard laminated tapes for indoor and outdoor use, or one of our specialty tapes for labelling everything from rough textured surfaces to protecting valuable assets and more. P-touch® TZ tapes are the only tapes available that have a unique 7-layer lamination, which makes the labels heat, cold, water, chemical and fade resistant.

Total Customer Satisfaction

Brother is committed to total customer satisfaction. We provide no-charge toll-free technical support for the life of your machine, including 24/7 web support. Our PT-2730's 1 year limited exchange express warranty is supported by an established network of highly qualified Authorized Service Partners. We are at your side every step of the way.
