

The right accessories for you

It's simple to add extra capabilities to our products, with our wide range of accessories. Just choose what you want to do, and add the recommended accessory.*

Do you want professional-standard finished documents?

The **Saddle Finisher** gives you saddle-stitch finishing capabilities for the perfect production every time.

Do you want your printed documents to be hole punched automatically?

The **Hole Punch Unit** places holes in just the right place for you.

Do you need to comply with disability legislation?

Accessibility Handle and Voice Guidance Kits enable all users to operate the device.

Do you need a time-efficient way to print out specific documents?

Canon's **Web Access Software** can print out documents from an online location.

Do you need to save time finding information in PDFs?

A **Universal Send Searchable PDF Kit** allows users to find scanned documents in a file server by keyword.

Do you need to send PDFs securely?

eCopy and the **Universal Send PDF Encryption Kit**, password-protect file edit, open or print options in PDF files.

Do you need to save space and money with an integrated fax kit?

The **Super G3 Fax Kit** gives you A4 transmission in just three seconds.

Do you need data encryption with Common Criteria certification?

Canon's Security Kits meet the recognised global standard for IT security.

Do you want advanced security so that only registered users can access devices via swipe cards?

The **Card Reader Kit** limits and controls access to authorised users.

Do you need to save space in a small office?

The **Internal Finisher** gives stapling capabilities with no increase in the machine's size.

Do you want to be able to find specific print outs easily?

Add the **Additional Finishing Tray** and sort output by job type eg. send prints to the top tray and faxes to the lower tray.

Do you want to seamlessly print on different kinds and sizes of paper?

Add the **Additional Cassette Feeding Unit**, for more flexibility in the documents you print.

Do you need to save time refilling the paper tray?

With the extra sheets the **Side Paper Deck** holds, you'll spend less time on refills.

Do you need to create professional-looking booklets with a pre-printed cover page?

Add the **saddle finisher** and **post-fuser inserter**.

Do you need to increase productivity producing mailshots and spreadsheets?

Add the **folder unit** to create C and Z-folded documents.

*Not all options may be available on every device, see product specification sheet for full detail.
